

Central Valley Electric Cooperative, Inc.
POLICY No. 514

Window
ENERGY EFFICIENCY PROGRAM

I. OBJECTIVE

Windows are crucial for reducing energy consumption in a home. Central Valley Electric Cooperative promotes the installation of ENERGY STAR-rated windows to help make your home more efficient.

II. POLICY CONTENT

CVE's Window Rebate provides residential members with a rebate on ENERGY STAR-rated windows.

III. PROVISIONS

A. Program Qualifications & Restrictions

1. The installation of ENERGY STAR-rated windows must be installed in a permanent residence that CVE serves.
2. To qualify for a window rebate, the home must be cooled by refrigerated air conditioning or heated with electric resistance heat or a heat pump.
3. New construction and additions to existing homes do not qualify for window rebates.

B. Window Rebate

1. Rebate of forty percent (40%) of window costs (taxes and labor not included)

IV. RULES AND GUIDELINES

To receive rebate funds, a completed Rebate Application with appropriate signatures and additional required documents must be submitted.

- Must include a copy of a dated receipt for window costs or a paid-in-full contractor invoice and ENERGY STAR-rated verification.
- You must provide pre- and post-pictures of the windows.
- All ENERGY STAR-rated windows must be brand new.
- Windows must be installed in accordance with all applicable local, state, and national codes and ordinances.
- Windows must be fully installed before a rebate can be issued.
- Members must apply for rebates within 90 days of installing the windows. Rebates will be issued within 30 days of the approved application.
- Rebates will be given in the form of a check or utility bill credit.
- CVE does not guarantee a specific level of energy or cost savings will result from implementing or using products funded under this program.
- CVE is not liable for any damages caused by the operation or malfunction of the installed equipment.
- CVE reserves the right to inspect and verify that windows were installed.
