## TIPS TO AVOID ENERGY SCAMS

If you suspect you're dealing with a utility scam, it's crucial to slow down and take your time before taking any action. Scammers will often pressure you to make quick decisions or immediate payments. Instead, take the time to verify the legitimacy of the communication by contacting Central Valley Electric Cooperative directly at 575-746-3571. Taking this simple step can help protect you from falling victim to utility scams.

Please know that CVE Customer Service Representatives do make phone calls to members with past due balances, but we do not take any payment over the phone or demand payment immediately.

## Welcome New Employee

Executive Secretary

CVE will be **CLOSED** Monday,
