## Capital Credits to be Returned

The Central Valley Electric Cooperative Board of Trustees has approved the return of \$1.75 million in allocated capital credits earned in 2007. If you were a co-op member in 2007 and were allocated capital credits, a check and/or bill credit will be issued sometime in February.

As a not-for-profit rural electric cooperative, members share in the co-op's success. Any revenue received by CVE that exceeds operating expenses is allocated back to the membership as capital credits and eventually retired and returned to the membership. Capital credits are retired on a first-in, first-out basis and are reviewed annually by the Board of Trustees.

The return of capital credits is a benefit of your cooperative membership. For more information on capital credits, please visit [www.cvecoop.org/capital-credits](http://www.cvecoop.org/capital-credits) or call us at 575-746-3571.
